

Milwaukee School of Engineering Course Catalog and Bulletin Collection
MSOE AC 08
1910 - 2015
4.8 Cubic Feet

Abstract: This collection contains the printed listings of courses offered at MSOE by academic year. Format and division of material (undergraduate/graduate, evening classes, programs, etc.) varies greatly from year-to-year.

Biography: These materials are created as a function of the university in order to inform current students, prospective students, faculty, and alumni of the courses offered by MSOE for the school year.

Scope and Content Note: The contents of this collection are printed materials pertaining to the listing of courses offered each academic year. Initially course catalogues were only titled “School of Engineering of Milwaukee” and differentiated by the academic year. In 1917, the catalogues began to be separated by specific programs, and the 1919-1920 catalogues are the first to be serialized via ‘bulletin’ and an alphabetic letter on the title page. Until 1980, multiple facets of the course offerings had been titled ‘Bulletin,’ including actual course listings, monthly promotional materials, and a small magazine. After 1980, the course listings were issued in a single “Academic Catalogue,” only occasionally separated into two catalogues by graduate and undergraduate course offerings.

The folders labeled “Bulletin” contain items with the complete (sometimes per program) course offerings for that particular school year. Folders labeled “Assorted Pamphlets” contain (when applicable): issues of the MSOE Bulletin Relay Magazine, the Report of the President, yearly issues of “How to Prepare for Your Career in Engineering Technology and Engineering,” supplements to the course catalogue labeled “Bulletin,” promotional materials for future students, preadmission catalogues, and additional course information for various programs. Alumni Directories have been separately noted.
