

Sparks/Electric Sparks

AC 10

1919-1936

.25 Cubic Feet

Abstract: This collection is of the *Sparks* and *Electric Sparks* publications, which were news publications, reports of campus events and reviews of activities and items of interest to students and alumni from the previous term.

Biography: The *Electric Sparks* was a publication that was started in 1919 by the students of the School of Engineering of Milwaukee. It was issued twice monthly. The publication reported on school news, sports and student activities on campus. In 1929, the publication changed its name to *Sparks* and became a quarterly publication. In 1930, it was decided that all S.O.E. publications including *Sparks*, should be produced from one centralized press office, which was the Press Association. *Sparks* included information and photographs of campus groups and organizations, lists of graduates from the previous quarter and news reports of activities, sports and organizations on campus.

Scope and Content Note: This collection includes issues from *Electric Sparks* and *Sparks*.

Arrangement: Chronological

Administrative Information:

Restrictions: There are no access restrictions on this collection.

Acquisition Information: This collection was transferred to the Archives at an unknown date.

Processing Note: Denise Gergetz processed this collection in April 2012.
